Before using read all directions and Safety Data Sheets (SDS). For Professional use only.

For technical advice call Advantage Coatings Tech: 303-499-1310

USE DIRECTLY FROM CONCENTRATE.
DO NOT DILUTE!

Finish system

Recommended 4 coat system: 1st coat - Pro Sport Poly Sealer. 2nd coat - Pro Sport Poly Sealer. Paint game lines (check for compatibility). 3rd coat - Pro Sport Poly 43 or 50 Finish. 4th coat - Pro Sport Poly 43 or 50 Finish.

New Floors and Sanding: 1. Sand and prepare floor using MFMA-accepted methods. 2. Make your final cut with a 80-100-grit paper. Screen with 80-100-grit screen. 3. Vacuum thoroughly. 4. If tacking is desired, only use water. 5. Apply first two coats of Pro Sport Poly Sealer at 500 to 600 sq ft per gallon. Use a weighted T-bar applicator, be sure not to leave puddles or heavy areas of finish. Allow the coat to dry for 8 to 12 hours in normal conditions. To help drying conditions increase air-flow and air-exchange in gymnasium. *Always abrade in-between coats of Pro Sport Poly 43 or 50 Finish with a maroon pad (320 grit) or 150 grit screen. Then vacuum and tack floor thoroughly. 9. Apply 2nd and final coat of Pro Sport Poly 43 or 50 Finish as instructed in step #5.

Dry Abrading Method

1. Sweep floor thoroughly to remove all dirt and grit. 2. Dry abrade with 150 grit screen. 3. Vacuum and tack floor with ACT’s Sport Scrub.

Curing

A full Cure is about 14 days, 75% after 3 days, and 90% after 4 days. The floor is more susceptible to scuffing and marring within the first 4 days. Resume activity after 5 days with good drying conditions. Do not wet clean the floor within the first 14 days. Only dry mop/tack the floor. Also no walk off mats with in the first 14 days.

Clean Up

Clean all applicator tools with mineral spirits and stored in a air tight container.

Maintainance

Always use Advantage’s Pro Sport Clean. Visit advantagecoatingstech.com to download the latest maintenance procedures.

Stability and Storage

One year shelf life on unopened container. Store in a climate controlled environment at room temperature. Do not freeze. Nonflammable
